CAMI Mathematics: Grade 4

4. Measurement

4.6 Perimeter and area

A. Perimeter

1. Determine the perimeter of the shape by adding the squares.

Key:

1.1

1.2

2. Determine the perimeter of the shape by adding the squares.

2.1 Write down the answer in cm.

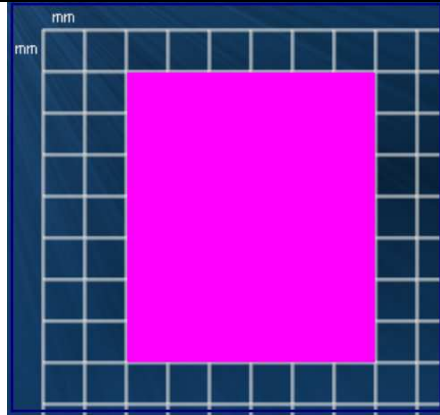

Key:

MEMO

A. Perimeter [9.3.1.1; 9.3.1.2]

1.1 Perimeter = $5\text{mm} + 5\text{mm} + 5\text{mm} + 5\text{mm}$
= 20 mm

1.2 Perimeter = $2\text{mm} + 3\text{mm} + 2\text{mm} + 3\text{mm}$
= 10 mm

2.1 Perimeter = $6\text{ mm} + 7\text{ mm} + 6\text{ mm} + 7\text{ mm}$
= 26 mm
= 2,6 cm

B. Area [9.3.2.1]

1.1 Area = 2×4
= 8 blocks

1.2 Area = $4 + 4$
= 8 blocks

1.3 Area = 5×5
= 25 blocks
