The school uses the CAMI Maths programme with the specific focus to see if they can improve their Grade 6 WCED numeracy systemic test results from 2008 until now. This is the results for Grade 6:

2007

2009

2010

13.5

36.5

66.2

Â This is a clear indication of the power of the CAMI Maths program and how it can improve the numeracy results of schools. Northwood Prep Mr. Bernie Westacott

Â Appropriate use of technology can enhance the teaching and learning process. All the pupils use our Computer Aided Maths Instruction (CAMI) system installed on the school network. The system contains practice material in mathematics from Reception to Y8 and beyond to A-level. It keeps individual and class records, which enable teachers to monitor the development of pupils and to produce reports, helping them in their assessment and planning. Every pupil spends at least half an hour a week on the system as part of the normal timetable. Read the full article click here...
